

Dear Anglers and Friends,

We want to welcome you back to **Exotic Outdoor Adventures of Venezuela!** Many of you have fished with us and know the service that we once had. Due to a natural disaster in Venezuela in 1999 we had to cease our fishing and exotic adventures. Now after five years of waiting we are ready to serve you again. Those of you that have fished with us know my partner, Elias Dib in Venezuela, and you know the service he provides.

In terms of lodging, we are representing **La Casa Margullia** again which has been remodeled. At present, we have three rooms, which can sleep 2-3 anglers in each room. In the near future we will have 4 more rooms to offer. In addition to La Casa Margullia, we offer lodging at the **Hotel Santiago**, which is a three-star hotel with all amenities (www.hotelsantiago.com.ve) and a five-star offering at **Hotel Ole Caribe** (www.hotelolecaribe.com). Both of these hotels are located within 10-15 minutes of La Casa Margullia where your boats will depart.

Our Peacock Bass fishing is going to be limited to the Casiquiare Watershed, which is located in the Amazon region of Venezuela on the Orinoco river where the big ones are caught. Another region is the Cinruco River where smaller fish are caught but in numbers. We may also offer Guri at a later date.

Call or E-Mail us for itineraries and pricing on these lodges. Bonefishing is coming soon. In celebration of our return, the **welcome back specials on billfishing at the famous La Guaira Bank are listed on the front of this card. Don't miss the boat- Call us! 404-219-8555.**

Hope to see you soon—
Don Bohannon
